Punjab, Pakistan | +92 312 739 8185 | beingabdulr@gmail.com | [linkedin.com/in/beingabdulr](https://www.linkedin.com/in/beingabdulr)

I am a proactive BS Computer Science graduate from University of Gujrat, Pakistan. I possess strong leadership and communication skills with fluency in English and Urdu. I specialize in Front-end Web development and UI/UX design. I work from UI design and turn them into working code. I am a minimal designer and really like the simple and elegant style. Well commented, and highly readable and maintainable code is from one of my virtues.

PERSONAL PROJECTS

Space Tourism

Sep 2022

Tour Website

- Space Tourism is how the future tour websites will look. Provides a theme on how realistic and lively they will look with the information about the destinations of the flights, crew and technologies used in the flight.
- Space Tourism is made from scratch using core set of skills with highly maintainable and readable code.
- **Skills:** Html, CSS, JavaScript

Manage

Nov 2022

Landing Page

- Manage makes it simple and easier for software teams to plan day-to-day tasks while keeping the larger team goals in view. Used to track company-wide progress with built in report system, and file sharing and storing.
- Manage landing page is built from scratch with no extra code and maintainability in mind.
- **Skills:** Html, CSS, JavaScript, SwiperJS, Figma

Other Projects

Aug 2022 – Dec 2022

Sample work done in my spare time

- **Bonsai Pricing & Plans Page:** Bonsai is all in one product suite with smart which integrates and automates every step of the business. Bonsai's pricing & Plans page is built from scratch with responsiveness in mind.
- **WC News Site Home Page:** WC is a news and blogs website for the web 3.0 fans. The website is built using core set of skills only, easier to maintain, less loading time and robust experience.
- **Mini Projects:** Udacity page, step homepage, notifications panel, travel log, basketball scoreboard, product cards
- **Skills:** Bootstrap, Tailwind, Sass, CSS, Html5, JavaScript, React

WORK EXPERIENCE

Front-end Web Developer & UI/UX Designer

Freelance

Upwork & Fiverr

Sep 2021 – Present

- I work from the UI/UX design using Figma and Adobe Illustrator and convert these designs into the working code using my advance skills of Html, CSS and JS.
- **Skills:** JavaScript, Html, CSS, Bootstrap, Tailwind, Sass, React, Figma

Graphic Designer

Remote

Paythorize

July 2019 – June 2020

- Paythorize provides payment solutions for all business sizes. It is a credit card processing and merchant service.
- I designed the digital content for company's social media profiles and print design for the marketing campaigns over internet. Deep problem solving capabilities and increase of 80% traffic with new updated content.
- **Skills:** Print Design, Adobe Photoshop, Adobe Illustrator
